NOTE FROM BISHOP CORIA-CÁCERES

Dear Brothers,

On Ash Wednesday Lent starts, announcing to us the coming of Holy Week, so beautifully prepared, and so intensely lived in our city of Cáceres, in this lively period, which is Easter.

During Lent, we have made a big effort in preparing ourselves for the Passion of Christ in order to accompany him on his way of the cross, sharing his feelings. Our penance at this time, our celebrations, processions and our suffering, help us to transport ourselves to those afflicted days of our Lord and his Mother, the Virgin Mary. However, we cannot forget that we celebrate the Passion of Christ after his resurrection, in the absolute faith of its realisation.

We take part with this spirit and this faith in the celebrations and the processions that prepare us for Easter, for the passing of Jesus from this world to our Father in heaven.

I wish you all an elevating and enriching Holy Week and a Happy Easter.

+ JESÚS PULIDO ARRIERO

Obispo de Coria-Cáceres

NOTE FROM THE MAYOR OF CÁCERES

Cáceres now starts the countdown in order to live through and experience the most awaited time of the year: Holy Week. These are days in which our city becomes a hive of activity, full of life, people exchanging glances, moments of silence and joy, of recollection and euphoria. From the children's palm leaves to the brothers' staffs, from the curious who find themselves following the processions without expecting to do so, to those people who arrive long in advance in order to get a good vantage point, churros at dawn, mobile phones which record and upload to social networks, the "torrijas" and cod or the gloves which do not appear until the last minute.

There are as many ways to live, experience and understand this festival as there are people who enliven and celebrate it.

Thank you for your dedication in achieving this.

NOTE FROM THE PRESIDENT OF THE BROTHERHOODS´ PENITENTIAL UNION OF CÁCERES

Our Holy Week in Cáceres distinguishes itself by its quiet, solemn and traditional tone. This municipality and its Brotherhoods are only possible thanks to the men and women without distinction who quietly work to honour God and bear public testimony to it through their faith in every aspect of their working, social and personal life.

The Brotherhoods of the 21st century must be men from their time. You cannot turn your back on the world as it is today. It is essential to bear witness to the Christian faith, bringing hope to those who have so many problems around the world.

Come to Cáceres and live the Passion, Death and the Resurrection of Christ in the beautiful setting of a city of World Heritage, with a Holy Week which has been declared a Festival of International Touristic Interest.

SANTOS BENÍTEZ FLORIANO
Presidente de la Unión de
Cofradías Penitenciales de Cáceres
